

# 1. Membership

This year we have 60 member schools. Last we had 51 and previously, we had 54 members schools.

Here is the distribution by zone. High Schools are shaded. Black shaded schools are not potential members of OCASC because they are special programs in the Ottawa Carleton District School Board (OCDSB). Every zone is represented.

OCASC Membership By Zone													
	--- High School

## 2. Attendance Peaks

March was the only month where a reminder email was not sent was one of the lowest attended meeting. Though December and March tend to be the lowest attended meetings. This table can help know when attendance is higher to ensure quorum for decision making.

Many school council have not yet selected their OCASC rep by the September meeting so this rep tends to be the person carried forward from the previous year. The October and November meetings are when the school councils establish bank accounts and arrange payment. A OCASC membership package should be emailed to all principals in September for distribution to the school council chairs.
